

The screenshot shows a web browser window with multiple tabs open. The active tab is titled "FastAPI - Swagger UI" and displays the FastAPI documentation at the URL `127.0.0.1:8000/docs/`. The page title is "FastAPI 0.1.0 OAS 3.1". Below the title, there is a link to `/openapi.json`.

The main content area is titled "default". Under this section, there is a heading "Schemas" with a collapse/expand arrow. Below "Schemas", there are four items listed: "HTTPValidationError > Expand all object", "LoginRequest > Expand all object", "SweetCreate > Expand all object", and "ValidationError > Expand all object". Each item has a small expand/collapse arrow next to it.

The screenshot shows the FastAPI Swagger UI interface. At the top, there are tabs for 'React App', 'FastAPI - Swagger UI', 'Microsoft Capilot: Your AI compai', and 'chatgpt - Search'. Below that is a browser address bar showing '127.0.0.1:8000/docs#/'. The main content area has a title 'FastAPI 0.1.0 OAS 3.1' with a link to '/openapi.json'. A sub-section titled 'default' lists various API endpoints with their methods, URLs, and descriptions. Below this is a section titled 'Schemas' containing definitions for 'HTTPValidationError', 'LoginRequest', 'SweetCreate', and 'ValidationError'.
